Grow Your Skills And Earn Leader Seeds Summer Camp Certificate

Students learn how to strive for personal excellence, be true to themselves, and make a positive difference in their schools, clubs, and communities.

They gain self-confidence by living with other young leaders and working in small groups with them.

Following leadership camps, parents frequently report that their children's grades not only improve but that they are happier with themselves and engage more positively and constructively with school and their peers.

Summer leadership camps or programs help students develop a more positive and open attitude toward new and unknown experiences.

Students learn the value of hard work by working with experienced trainers and participating in interactive workshops and outdoor challenges.

Are your older kids interested?

We have option for kids 17-21 to train as a camp counselor in the camp.

Are you a parent looking to spend some quality time with their kids?

Then join us on the camp:
We have a retreat option for working parents / single parent including food and accommodation with an option of joining for some evening activities.
